

November 14, 2023

Dear Colleague,

The 52nd annual meeting of the Husserl Circle at Charles University (Prague) this past spring was an immense success. Special thanks are in order to the Convenor, Daniele De Santis and his excellent organizing team, who did a superb job of assembling a first-rate program and attending to every need of the many members and friends of the Circle in attendance. The level of presentation and discussion was once again very high.

The next meeting of the Husserl Circle, convened by Jacob Rump and Anne Ozar, will take place at Creighton University, Omaha Nebraska, **May 20-23**. A letter with preliminary information from the Convenors is attached.

Future meetings of the Husserl Circle include the 2025 meeting at the National & Kapodistrian University of Athens, Greece, convened by Fotini Vassiliou.

Please remember that information regarding this year's meeting will be posted regularly on the Circle's webpage (<http://www.husserlcircle.org/>).

The next mailing will be in January, with the annual call for dues and update from the Convenor.

Best regards,

Burt Hopkins, Ph.D.

Permanent Secretary
